

Dear Customer:

GES apologizes for any inconvenience that you or your Company may have experienced as a result of this incident. In the event that your Company chooses to file a claim, it is important that you and your Company understand what steps need to be taken to investigate the claim, as well as your Company's responsibilities with respect to the filing of a claim. As in all claim handling procedures, providing timely notice is necessary to begin the claim process.

For damage and/or loss during transport by GES Logistics 888-454-4437, please review the Claim Filing Instructions. If damage and/or loss occurred during the transport of your goods or equipment and you did not use GES Logistics, it will be necessary for your Company to file a claim with your cargo carrier in a timely manner. Please refer to your Bill of Lading for information relative to filing a claim with your carrier.

If damage occurred at show site, that type of claim might be covered under the GES Terms and Conditions of Contract previously provided to your Company in the Exhibitor Kit and as agreed to by your Company when you accepted GES as your Service Provider for this event. Furthermore, the Terms and Conditions of Contract are on the reverse side of the Incident Report and located at www.ges.com/TermsConditions. The Incident Report and this handout will provide you with instructions on how to file a claim; this information is also available on the GES website, www.ges.com/claims/

Please be aware that your Company carries the appropriate coverage of insurance with levels that would adequately protect it from any loss. GES will not process a claim for theft of property, as it is not our responsibility to secure goods in transit or on the show floor. In these circumstances it is our recommendation that you file a claim with your property insurance carrier. You should always contact your insurance broker in such cases.

Prior to submitting a claim with GES, please review the GES Terms & Conditions of Contract. A claim must be filed by the Customer within 30 days from the close of the show at which the incident occurred. Reporting an occurrence of damage or loss at show site, which is documented by an Incident Report, only provides notice of an incident - it does NOT initiate the claim process.

As a final note, to better familiarize you and your Company with the steps involved in the claim filing procedures please review the Claim Filing Instructions or go to www.ges.com/claims/ so your Company completely understands how to file a claim with GES, if that is your Company's desire.

If your inquiry is regarding a billing issue, please call the National Service Center at 800-475-2098. If your Company files a claim with GES, patience during the investigation of this matter is greatly appreciated. Please note that due to the nature of the claim process we require all communication be in writing to document the claim file.

Very truly yours,
GES Management
